*Complete this section in the case of a challenge to a voter's qualification. A challenge to a voter's qualification may only be sustained if the challenger, in addition to submitting a valid challenge form, presents **positive proof**, that is, objective documentary evidence, that voter is not qualified. If the Voting Center Manager determines that a voter is not qualified, the voter may nevertheless cast a provisional ballot. Consult the *Guide for Voting Center Managers* for details.*

Positive proof presented by challenger: Yes / No

Ballot given to voter named above: Regular / Provisional / None

Challenge sustained due to proof provided: Yes / No

*Unless the challenge is sustained, the Manager should issue a regular ballot to the voter.*

Describe the facts supporting your decision to sustain or reject the challenge on the reverse of this page. If the challenge is to the operation of the Voting Center, you should describe whether you instituted any changes to the operation after the complaint.

The challenged voter must email their proof of qualification by March 11, 2020 at 23:59 Pacific Time to [chair@democratsabroad](mailto:chair@democratsabroad) and [gpp@democratsabroad.org](mailto:gpp@democratsabroad.org).

The Voting Center Manager should retain a copy of this completed form if at all possible (even if only a smartphone image). This completed form should be attached to the provisional ballot following tabulation and sent as part of the voting center materials to the Global Tabulation site.
