## DA Resolutions (1 of 2)

"The Caucuses at the global and country level have a unique role to identify potential leaders from diverse backgrounds and support them in striving for leadership positions. We are only stronger when all groups are represented, including groups that have historically been denied the right to participate in any form, whether intentionally or unintentionally." (This is language from the letter that I forwarded to the Board last week, which was signed by all Global Caucus chairs.)

## DA Resolutions (2 of 2)

"The DACN board on behalf of its members extends gratitude and congratulations to Jasmine Cochran and Alexandra Smith for being added to the DA GBC Poet's Circle for their lyric contributions to the political discourse."
