**What does Native November mean to you?
Why is it important to be involved in your
community?**

"November is really the culmination of our green corn way of life. Harvests are complete, prime hunting is underway, and preparations for the cold season has begun. It's a very active time of year and a time where the spirit of togetherness and thankfulness define this part of our annual cycle.

This is why participation is important because our communal way of life was never designed to continue on any path alone."

- Venue has a disabled-friendly restroom(s)?
- Venue has a "family-friendly" restroom(s) such as having a baby-changing station?
- Take into consideration the amount of stairs, lack of elevator, sufficient ramp, etc. for elderly and disabled DA voters?
- Venue has a sufficient number of seats available for guests who may need a rest?
- Venue has sufficient lighting for DA voters to accurately read all the voting materials?
- Are there appropriate emergency exit procedures for DA voters with a disability (such as those in a wheelchair)?
- Venue have a First-Aid kit and defibrillator available?
- Is there drinking water available for older/dehydrated DA voters (especially if in a hot climate)?
- If it is raining/snowing during GPP hours, is there a "Caution: Wet Floor" and/or mop available to quickly clean up slippery floors?
