 - (b) Ada -
 - (i) Suggestion: All DACN events in 2018 should offer voter registration.
 - 1) All DACN events
 - 2) Outreach to other activist groups - like indivisible, women's march, etc who may not want to host a "DA" event -- offer VFA support and voter registration. For example, Angie with her Women's March activity in Shunyi that she did not want branded as a DA event, we could have offered VFA support.
 - (ii) 2018 Elections Messaging: Why is this important? Why are we even bothering to have a country committee, and to be organizing?? It's all about the VOTES.
 - 1) If we can flip either HOUSE or SENATE, we can pressure and stop Trump and GOP legislative agenda. Maybe even impeach. Certainly support proper investigations into Trump Administration. But we need to flip House or Senate, hopefully both.
 - 2) All 435 seats in the House, 34 seats in Senate, 35 attorney general races (NY, CA), 35 governorships, state legislatures are in play
 - 3) The results of 2018 will affect the US census and redistricting (2020) - if we want to stop gerrymandering, part of it will depend on big turnout in 2018
 - 4) (Forgot to say this on the call) - if we flip the Senate we can stop Trump's Federal judge appointments, and other nominations.
 - (c) Voter registration events
 - (i) Training event - school requested in Shanghai. Will be planned.
 - (ii) Everyone can complete - FVAP's Voter Assistance Officer training.
