Hello, is [voter's name] available? I'm [your name], a volunteer in [local city or town] with the Colorado Democratic Party.

Have you decided who you'll be voting for in the Senate election this November?

[MARK RESPONSE ON WALK SHEET]

Who do you support for Senate?

[IF SUPPORT UDALL]

Great! Our grassroots campaign is focused on connecting with supporters like you that will help us win in 2014 and we cannot do it without you. Can I count on you to join us and volunteer with the campaign? [MARK RESPONSE]

Would you be willing to volunteer with the campaign?

The person's name is marked clearly and the phone number you need to call is on the right.

Their age, party and gender are also clearly marked.

Additional information on the left is helpful if you need to know extra things.

If you were not able to speak to the person listed then mark "Yes" and go through the script marking the appropriate answers by clicking on the drop down boxes next to the relevant questions.

Most of it is self explanatory – if for instance someone says they "are not going to vote" we normally mark them as "other/3rd party".

If you can't speak to the person in front of you (either no one answers or that person is not home) click on "No" at the top and select the appropriate response
