Hi Mr. Hernandez,

It was great to talk with you this afternoon (Thursday)--and thanks so much for for all your help with my questions about overseas voting. I volunteer with Vote From Abroad, so I'll be happy to get this information out to overseas RI voters! I wanted to confirm that:

1. If an overseas voter is not yet **registered to vote**, they must send in their FPCA form by **Sunday, Oct 7th**.
  - If sent by Mail, the form must be Postmarked by Oct 7th.
  - If sent by Email or Fax, the form must be Received by Oct 7th  
And the voter should also send in the original FPCA by Mail
  
2. There is no deadline to **request a ballot** if an overseas voter is already registered to vote in RI
  - The FPCA to request a ballot may be sent in by Email, Fax or Mail up until 8pm on Election Day
  - Voted Ballots may be sent in by Email, Fax or Mail and must be Received by 8pm on Election Day
  - If a voter doesn't received their official ballot in time, they may submit a FWAB by 8pm on Election Day and that would also count as their Ballot Request

Please let me know if any of this information is incorrect or needs clarification. Thanks again for your help,  
Heidi Burch
